

I PHOTOGRAPHY CONTEST ASSOCIATION CONQUISTANDO ESCALONES

SPONSORED BY MULTIÓPTICAS IBARRA

The Association Conquistando Escalones is formed by affected of the the Muscular Dystrophy LGMD-1F, a degenerative disease which affects more than 200 members of a single family and which expands to more than 8 generations, attacking every new generation harder than the previous.

2 years ago the gene which causes this generation was discovered, an essential step to find the cure. It was known that this gene is the TNPO3 and has affected the Transportin 3, the same which by the HIV is introduced in the body, showing by the mutation a high resistance, immunity in many cases, to this global pandemic. A group of world-renowned researchers and experts in different lines have joined forces creating an ambitious medical alliance which seeks a cure for our disease and to save million people in all over the world.
